

## 防静电手腕带 ESD wrist strap

Antistatic wrist strap is the most common and basic antistatic product, widely used in SMT industry. The wrist strap is woven with elastic nylon and metal conductive fiber, with high breathability and comfortability. It features a 360 degree conductive contact around the wrist, providing maximum skin contact. The grounding wire shall be directly grounded, and the wire shall be unobstructed to ensure the antistatic function.

## 16101 Antistatic wrist strap

- 1) Material: polyester, nature rubber, conductive fiber
- 2) Wire diameter: 2.2MM
- 3) Coil cord length: 1.8M
- 4) Snap: 4MM/7MM/10MM
- 5) Resistance:  $10^{12}\Omega$ (Ext.),  $10^5\Omega$ (Int.)
- 6) Colors: light blue, purple, green, yellow, red, black and etc
- 7) Plastic parts: ABS; Stud: copper with chrome plated; Back plant: stainless steel, non-allergic
- 8) Customization is available

## 16102 Antistatic purple wrist strap

- 1) Material: polyester, nature rubber, conductive fiber
- 2) Wire diameter: 2.2MM
- 3) Coil cord length: 1.8M
- 4) Snap: 4MM/7MM/10MM
- 5) Resistance:  $10^{12}\Omega$ (Ext.)  $10^5\Omega$ (Int.)
- 6) Color: purple
- 7) Plastic parts: ABS; Stud: copper with chrome plated; Back plant: stainless steel, non-allergic
- 8) Customization is available

## 16103 Antistatic fabric wrist strap, non-allergic type

- 1) Material: polyester, nature rubber, conductive fiber blend
- 2) Wire diameter: 2.2MM
- 3) Coil cord length: 1.8M
- 4) Snap: 4MM/7MM/10MM
- 5) Resistance:  $10^{12}\Omega$  (Ext.)  $10^5\Omega$ (Int.)
- 6) Colors: light blue, purple, green, yellow, red and black
- 7) Plastic parts: ABS; Stud: copper with chrome plated; Back material: ABS, non-allergic ABS
- 8) Customization is available

## 16104 ESD cordless wrist strap

- 1) Material: polyester, nature rubber, conductive fiber blend
- 2) Resistance:  $10^{12}\Omega$  (Ext.)  $10^5\Omega$ (Int.)
- 3) Colors: blue, black
- 4) Plastic parts: ABS; Stud: copper with chrome plated; Back plant: stainless steel, non-allergic
- 5) Customization is available
