

QUADRA MAGNIFIER PLUS

D/E25140

Quadra Magnifier Plus has an extra wide, 3 diopter (1.75X), rectangular glass lens, providing a superb panoramic view and precise inspection of mechanical and electrical components. High power 6,000°K daylight LEDs on both sides of the lens give shadow-free magnification, or alternatively, each side can be independently turned on or off to give 3D viewing. Heavy duty internal spring arm with side covers allows accurate and consistent positioning and an auto power off function saves energy. An optional 12 diopter (4.0X) swing arm lens and various alternative diopter suction lenses are available separately.

Technical Information

Light Output	
Light Source	32 SMD LEDs
Lumens	TBC
Lux	TBC
Colour Temperature	6,000°K daylight
Power Consumption	TBC
Product Information	
Colour	Dark Grey/ White
Reach	118cm (46.5")
Lens Size	20.3 x 12.7 cm (8" x 5")
Primary Lens Magnification	3D (1.75X)
Lens Material	Glass
Accessories	
Table Base	D52060
Floorstand	D53060 or D53070
Additional Lenses (2 pack) 4D & 6D	D62003
12 Diopter Lens	D62002
